(226) 600-6809

I'm a physics major at uWaterloo who's curious about how the universe works; I like to contribute to Open Source, and hack on projects that are fun to build and help me understand the world around me. I also like to play chess, write poetry and hit people with sticks while practicing kendo. (No, I'm not a violent psychopath, it's a martial art, really!)

Summary of Qualifications

- **Languages**

- **C++**: Workplace experience, personal projects, high school coursework
- **Python**: Workplace experience, personal projects, coursework
- **Ruby**: Personal projects, independent coursework
- **MATLAB**: Workplace experience
- **Java, JavaScript, HTML, CSS** and **L^AT_EX**: Functional use and familiarity

- **Databases**

- **MySQL, PostgreSQL**: Used in local development and testing of various personal projects
- **NoSQL, Excel**: Functional use and familiarity

- **Operating Systems and Web Frameworks**

- **OSX, Linux, Windows**: Programmed heavily in UNIX environments
- **Ruby on Rails, Google AppEngine**: Used to deploy live web applications

Work Experience

Associate Security Consultant (Intern), Security Compass, Toronto

Jan 2014 - Present

- Pentested various client applications on web and mobile platforms using BurpSuite, Wireshark, Metasploit.
- Conducted research on security content for web and mobile applications

Research Intern, Syracuse University, NY

May - Aug 2013

- Researched evolutionary algorithms with applications to multi-objective optimization in wireless sensors
- Modeled mobility and tracking of targets within wireless sensor clusters
- Applied existing evolutionary algorithms to sensor deployment based on problem specifications
- Analysed behavioral patterns to detect deviations by training sensor networks using obtained data
- **Research Papers (under preparation)**
 - Modified Energy Aware Path Predictive Target Tracking In Embedded Sensor Vision Networks

Projects

- **NumPy**: Currently working on enhancing the NumPy datetime module.
- **Atlasnav**: An optimal route planning web application implemented by a team of four during a hackathon
- **Ballstorm**: An interactive graphical game with a physics engine using the C++ Allegro library
- **CloG**: A basic web blog using Google AppEngine as a back-end framework as part of CS 253
- **DuckDuckShogi**: A rudimentary functional search engine as part of CS 101
- **PrQL**: A really basic database management system with SQL-like functionality in C++
- **Quacker**: A semi-functional twitter clone website built through the use of the Ruby On Rails tutorial book
- Built basic code that implemented algorithms used in robotic vehicles as part of CS 373

Education

Candidate for Bachelor of Science

Sept 2012 - Present

- Honours Mathematical Physics, University of Waterloo

Coursework

- CS 101: Introduction to Computer Science (Udacity)
- CS 373: Programming a Robotic Car (Udacity)
- CS 253: Web Application Engineering (Udacity)
- CS 212: Design of computer programs (Udacity)
- CS 191x: Quantum Computation (Berkeley, edX)
- PHYS 236: Computational Physics

Awards

- University of Waterloo President's scholarship 2012
- Indian National Mathematics Olympiad Scholar 2011

Volunteer Experience

Formula Motorsports, University of Waterloo

Sept - Dec 2012

- Experience with shaping and constructing sheet metal parts
- Gained knowledge of differentials, aerodynamic packages, carbon fibre structures

Wave Robotics, University of Waterloo

2012 - Present

- Used machining tools to construct disk brakes for the autonomous vehicle
- Soldered wires and constructed mounts for the autonomous vehicle

Extracurricular

Science Orientation Leader, University of Waterloo

2013

- Responsible for overnight safety as well as event set up and tear down

Undergraduate Physics Club, University of Waterloo

2012 - Present

- First year representative: Fall, Winter 2012
- Information officer: Fall 2013

Miscellaneous

Interests and Hobbies

- Contributes to numpy (Open Source library) by fixing bugs
- Enjoys reading manga, solving rubik's cubes, doing physics and writing code
- Likes practicing kendo, playing chess and writing poetry
- Certified for CPR and First Aid
